## Summary

Junior Flutter Developer with hands-on experience building cross-platform mobile applications using Flutter and Dart. Skilled in state management with Bloc and Cubit, API integration, Firebase services, Clean Architecture, and UI/UX implementation. Passionate about writing clean, scalable code and delivering high-quality user experiences.

## Education

### Faculty of Science, Banha University

*B.Sc. in Computer Science*

10/2021 – 06/2025

## Professional Experience

### National Telecommunication Institute (NTI)

*Flutter Trainee*

07/2025 – 08/2025

- Developed multiple practical mobile applications using Flutter and Dart.
- Integrated RESTful APIs and managed state with Bloc and Cubit.
- Applied responsive UI design, reusable components, and scalable architecture patterns.

### D.Pear

*Flutter summer Trainee*

06/2024 – 08/2024

Learned Dart basics, OOP concepts and flutter. • Use Firebase final project to do e-commerce app.

## Skills

- Flutter & Dart • Flutter SDK
- RESTful API integration • JSON parsing
- Clean Architecture • SOLID principles
- State management: Cubit/Bloc.
- Git • GitHub Actions (CI/CD)
- Local Storage with hive

## Projects

### bookia app

Implemented Clean Architecture and integrated REST APIs to display real-time book data.

### Tasketi

simple yet powerful Flutter application for writing and organizing tasks. It is built with clean code principles, Hive local storage, and supports both Light & Dark themes.

## Certificates

- GDG On Campus Banha Flutter Bootcamp 2024 – Participant
- D.Pear Flutter Summer Training 2024 – Completion Certificate

## Volunteering Experience

### GDG On Campus Banha Flutter Bootcamp

*Flutter Trainee*

- Built interactive UI layouts using Flutter widgets.
- Applied Object-Oriented Programming (OOP) principles for maintainable code structure.
- Developed a complete Calculator App to reinforce foundational development skills.
- Improved teamwork and problem-solving through collaborative project activities.
